GERMANS ARE DRIVEN BEYOND THE LYS RIVER

GEN. HAIG SAYS THAT ENEMY ATTEMPT TO MAKE STAND ON LYS RIVER HAS NOW BEEN OVERWHELMED

ALLIES ARE CLOSING IN ON GHENT

By United Press

London, 2:15 a. m.—The Germans have been driven back of the Lys river and the Allies are driving close to Ghent, Haig reported today in a special statement on the Flanders offensive. His report made it evident that the attempt of the Germans to maintain a stand on the line of the Lys river has been over-whelmed and that the Allies are within the next defensive line of Escaut river. Haig declared that the enemy has been forced to withdraw from its whole front in Belgium. The Allies have reached Aeltre, 11 miles west of Ghent, the greatest road center in western Belgium and have occupied several villages on the line running northward to the Dutch frontier. The French have established lines on the east side of the Lys between Grammene and Peteghen, 1 miles southwest of Ghent.

London, Oct. 21—More than 3,000 prisoners were taken by the British north of Le Cateau yesterdaq, Field Marshal Haig reported today. British troops are approaching St. Amand, 8 miles northwest of Valenciennes, Haig also reported. Contact with the enemy is being maintained. The British also are nearing the Scheldt line. The drive against Valenciennes from the southwest by the English, Scots and Welch troops fighting in a rain storm scattered desperate resistance by the Germans. Tanks went forward with the infantry which crossed the fl ooded Selle river. Working under heavy fire the British threw bridges across the Selle and the artillery crossed the river close behnd the infantry.

FRENCH RAIDS ARE SUCCESSFUL

Paris, Oct. 21—Raiding operations in Lorraine and Alsace resulted in the capture of prisoners, the French war office anonunced today. (This may indicate that the Allies are planing an attack on the southern portion of the western front and the seeking information of the German troops in that region.)

SERBS MAKING PROGRESS

London, Oct. 21—Continued progress in the reconquest of the last Balkan territory was reported by the Serbian war office in its comunique received hede today. Towns 50 miles north of Nish have been taken.

KING ALBERT COMING INTO HIS OWN

London, Oct. 21—King Albert, of the Belgians, has arrived in Bruges, acording to dispatches from Sluis, Holland today. American and British colonial troops with heavy artillery have been observed in that neighboorhood it was stated.

MORE MONEY LOANED TO ALLIES

Washington, Oct. 21—This government granted a new credit ot $200,000,000 to Italy and $100,000,000 to France. The new credits brings the total loan to France to $2,165,000,000 and to Italy $1,060,000,000 and a total to the Allies of $7,520,470,000.

CLEARFIELD COUNTY DISTRICT IS TEN PER CENT. OVER FOURTH LOAN QUOTA

Washington, Oct. 21—Approximately 22 million or 20 per cent. of the nation's population subscribed to the Fourth Liberty Loan, official reports today indicated. This is about a 3 per cent. increase in the individual sales of the Third Loan when 18,300,000 persons bought bonds. The Fourth Liberty Loan has exceeded both in percent and individual sales the greatest loan floated by Great Britain. The British victory loan of 1917 of nine million subscribers amounted to five billion dollars. Although the draft called hundreds of thousands of potential subscribers into military service each loan has shown an increase in the number of individual subscriptions. Individual sales in the First Liberty Loan were 4,500,000 in the second 9,600,000 and in the third 18,300,000.

The Fourth Liberty Loan like its three predecessors, was a big winner in the district composed of Clearfield county and Philipsburg and while no figures are obtainable at this time County Chairman Callahan and his assistants are satisfied from what they have already secured that the district went over the top with more than ten per cent. in excess of the quota and the largest total of individual subscriptions ever recorded.

Some idea of what the above statement means can be had when it is known that the allotted quota for the district was $5,138,20. Just think of this vast sum of money and think too, how easily and gracefully our people generally responded to the call and not only went down in their jeans for the long green carefully stored away there, but, in a great many instances, mortgaged their incomes for several months to come in order to help our Uncle Sammy provide our boys "over there" with the necessary ammunition and other supplies needed to bring the hun to his knees and make this old earth the sort of a place to live in the Great Creator had in mind when He first placed the human family here and told them to go to it.

The result of the Fourth Liberty Loan was a foregone conclusion and in no section of this broad land, and in no section from Maine to California was the result more certain than right here in patriotic, loyal old Clearfield county.

The different committees worked hard and are deserving of every praise and in turn are mighty proud of the record made by the whole people of their district. The figures will be given as soon as the different subdistricts can compile and transmit them to headquarters.

The Workman's store is another Clearfield business place in the 100 per cent. class in the Fourth Liberty Loan, every person connected with the establishment having subscribed for a bond.

Here is an item that should have been in The Progress several days ago but it, along with a lot of other good news had to wait its turn. Of course nobody thought for a minute that Boardman would be behind in its Liberty Loan quota. In fact everybody, knowing what that little town has in the way of a patriotic reputation, expected and took as a matter of course that they would go over the top and so they did and big, too. The hustling workers were headed by Dr. Norris, Squire Snyder, Miss Snyder, Leon Katzman, A. Noll, John Boag, Mrs. Boag and Mrs. McBlain.

The employes of the Clearfield Textile Company, working under the very shadow of the Tri color and with a respecting memory of their old superintendent who laid down his life for the cause of France and her Allies, are another body of people who do not have to be begged and coaxed into supporting war activities. The soliciting commitee which visited there last week went away with subscriptions amounting to $3100 from the office force and mill hands.

LIEUT. BROWN WEDS POPULAR HOUTZDALE GIRL

Osceola Mills, October 21—Mr. and Mrs. Lewis Beyer announce the marriage of their daughter Bernice Rumery to Lt. Wm Elbridge Brown, of Osceola Friday, October 18th at their home at Houtzdale Only the members of the families and a few intimate friends of the young people were present Rev. Robertt B. Foster an uncle of the groom officiated. Following an elaborate luncheon the couple left for a short trip to eastern cities after which they will go to Newport News where the groom holds an important position in the embarkation office of the shipping board.

HELP!

A second member of the force of The Progress is ill today. Will advertisers please send in their copy before nine o'clock in the morning?

Will Clearfield subscribers please wait until the collector calls?

We are prepared to wait on out of town subscribers as usual. Will be glad to receive them and mail remittances.

NEW PEACE NOTE A RANK PRESUMPTION IF REPORTS ARE TRUE

By Robert Bender

Washington, Oct. 21—The German reply to President Wilson's last peace note will be here soon, the State department received information today through reliable official sources. The Swiss legation has not communicated any information to the department as to its receipt but the department received the news through other reliable channels.

French unofficial advices also reported that the German note was on its way to Wilson. Up to noon officials of the Swiss legation said that the note had not been received.

London 3:02 p. m.—Accoding to a wireless message from Berlin today the German reply to President Wilson says that in accepting the proposal for evacuation the German government assumed that an armistice would be agreed upon by both sides. The reply protests against the reproach for illegalities and inhumanities and denies the sinking of life boats with passengers.

"FLU" EPIDEMIC GROWS MORE SERIOUS

Disease Spreads To All Parts Of City And Attacks Head Of New Emergency Hospital

DOUBLE YOUR PRECAUTIONS

The influenza sitution in Clearfield has reached the dangerous stage without question and nothing but the most careful observance of all the requirements of the health authorities will avoid a serious epidemic.

The disease was first discovered in Clearfield two weeks ago last Saturday and since that time has slowly penetrated to all parts of the town, very many of the cases developing among people whose business or occupations called them out of town and into other infested communities. Accordingly during every day of the intervening two weeks there were cases of the disease developed locally from almost very section of the town.

On Sunday evening there were thirty one houses under quarantine in the town while eleven patients were being treated at the emergency hospital. Eight persons had already been discharged from that institution cured, and after the disease had run its course.

The disease developed rapidly yesterday some fifteen cases being reported by the physcians while it is believed there are many more than that number where no doctor has been called and home remedies are being applied. It is from these latter cases the chief danger arises because the disease is so virulent that where a case develops in a household it invariably attacks every member thereof. This is demonstrated locally by the fact that in many instances there are as high as five and six cases in one home at the same time.

The litle suburban village of Plymptonville adjoining the Third ward is a veritable hot bed of the disease, the health authorities estimating there are from sixty to seventy-five cases in the village or community. Dr. Gordon, the county medical inspector, has this condition well in hand but will call on the Lawrence township school board, which is ex-officio the board of health for the township, for assistance in looking after the epidemic sufferers.

Many New York Central ralroad men are developing the disease and this is attributed to their traveling in and out of the different towns along the line where the disease is raging. One local physican informed us last evening that an N. Y. C. tie-up here would not surprise him much from his personal knowledge of the situation.

Mrs. R. K. Clees, who has been in charge of the emergency hospital, was ordered to bed by her physician yesterday and it is feared she has contracted the disease. Mrs. Clees has worked very hard and had everything in fine shape at the hospital and her illness at this time is in the nature of a calamity.

At the present time the nursing force at the hospital is composed of three graduate and two student nurses and it s hoped to secure at least one more graduate nurse and two more students and it will then be possible to work them in eight hour shifts.

The hospital is ample for the accommodation of from sixty to eighty patients and it was found necessary to install fourteen new beds yesterday in anticipation of their early need. The commodious porches will be fitted up for the use of recuperating porches while the large hospital tent and other tenth recruited by the committee on Public Safety are available if needed.

The influenza it is said will run its course in six weeks and as we are now entering the third week the health authorities feel the epidemic will reach its peak this week. If this be the case then precaution against the disease should also reach its peak this week. It is up to you, Mr. and Mrs. Citizen, right now. Look out for yourself and your little ones. Stay at home, keep out of crowds and make the children do likewise. This week will decide whether we are to escape a real courging or not, and if everybody obeys orders, respects the

DUBOIS WON OUT THIS TIME

We must introduce our friends to Mr. Hibner, chairman of the DuBois City Liberty Loan Committee. It will be remembered that DuBois had quite a strenuous time putting across the past loans and other war activities. This time Mr. Hibner wisely decided that there should be no half way measures with the slacking citizens of DuBois and proceeded to hold them up to the white light of publicity. Result: DuBois came across with colors flying and in addition to that, taught a number of her people that this was their war and their country to protect and uphold. The fearless course of Mr. Hibner is to be commended.

THE MAN WHO CUM TO TOWN

Who is he? We don't know but we heartily enjoyed his latest effort and we are sure all of our readers did. Cum again.

THE "FLU" AND THE CHIMNEY SWEEPS

Judging from the performances of our street department the mention of "flue" has resulted in a more vigorous appliance of the broom to the streets as a chimney sweep would apply it to a flue instead of in a sanitary manner as the present situation demands.

Let us have an intelligent co-operation of the street and health department of our borough. This is no time to be sweeping streets. Flush them with water or let them alone. Saturday we walked through two dust clouds caused by street sweepers and ever since that time we have lost no opportunity to use the pop gun and the iodine spray for we feel certain that we inhaled several thousand flu germs at that time.

It is reasonable to think that these dust clouds are dangerous. If we are right, we call on the Board of Health to remedy this condition.

HONOR THE FLAG

(By Request of the D. A. R.)

In these days, when Patriotism runs high, when the glorious stars and stripes are seen flying from almost every building and hill-side, and the windows of our homes display the colors that are honored everywhere, it seems fitting that the rules governing the use of our flag should be more generally known and observed.

It is with deep regret that we sometimes see flags permitted to wave in the breezes after they have become soiled and dilapidated, and the "stars and stripes" have become just dirty "strains and strips".

Flags in this condition should be taken down and reverently burned. To throw a flag upon an ash pile or with debris is a still greater desecration.

You who read this—look at your flag, and see that it is worthy to float as a symbol of the principles it represents.

MRS. R. D. SWOOPE.

REGAL MINERS PATRIOTIC

The regal coal mines at Ramey, appreciating the situation and being willing to help out under the circumstances, worked all day Sunday and turned out seventy nine tons of coal to help out the miners where influenza has knocked out the working force.

Our old friend Billy Williams was in charge and he says his men are 100 per cent. patriotic on any straight American proposition.

SHOOTING ACCIDENT NEAR GRAMPIAN

A fatal shooting accident occurred near Hepburnia Sunday afternoon. It appears that two boys named Johnson, aged 13 and 11 years, were playing with a loaded gun. While the gun was in the hands of the elder lad it was accidentaly discharged, the bullet piercing the head of his younger brother, killing him instantly.

The boys were sons of Mr. and Mrs. Lewis Johnson.

COMPANY GOOD THINGS.

These days we do not make frosted cakes except for state occasions and even plain cakes should be used sparingly to save our sugar.

Lightning Cake.—Beat half a cupful of butter substitute to a cream, add half a cupful of sugar, the yolks of four eggs beaten light, three tablespoonfuls of milk and one cupful of corn flour sifted with a teaspoonful of baking powder. Spread the mixture in a shallow pan, beat the whites of the eggs, add gradually three-fourths of a cupful of sugar, then fold in a half cupful of blanched and shredded almonds. Spread this meringue over the cake mixture, dredge the top with sugar and cinnamon and bake thirty minutes. Cut in strips for serving.

Small sponge cakes baked in gem pans and when cold cut open and filled with sweetened and flavored whipped cream make a most delicious cake for nice occasions.

Dog Biscuit.—Roll thin a baking powder biscuit dough, using barley flour instead of wheat, cut out the biscuit and place a slice of bologna sausage on one then cover with another pressing the edges together. Bake as usual. This is a most appetizing dish enjoyed by people who do not ordinarily care for bologna. The name is the only drawback to this biscuit.

Pineapple and Cream Cheese Salad.—Wash and dry the leaves of head lettuce; cut canned sliced pineapple into straws, keeping the straws as long as the slices will allow. Roll cream cheese into balls or egg shapes. Dispose the pineapple straws in the heart leaves of the lettuce and set three eggs in each nest, flock each egg with paprika. Serve plain French dressing in a bowl. Allow two tablespoonfuls of oil, and one of lemon juice with a few grains of salt and pepper for each nest.

Banana Parfait.—Peel and scrape two or three bananas, then press the pulp through a ricer or sieve, scald the pulp with two-thirds of a cupful of sugar and the juice of half a lemon boiled together, chill, then fold in one cupful of cream whipped and one-third of a cupful of candied cherries, cut fine and soaked in orange juice over night.

MORE POTATO DISHES.

A simple dish and one easy to prepare making a variety in serving potatoes is:

Spanish Potatoes.—Cook potatoes as usual after peeling, in boiling salted water. Drain well, then turn into a hot vegetable dish which contains a generous portion of butter, three tablespoonfuls of finely scraped or chopped onion, and salt and pepper (cayenne) to taste. Turn in the potatoes and chop coarsely with a silver knife, mixing them well with the seasoning. Then serve with cold meat.

Scalloped Potatoes.—Cut raw potatoes into eighth-inch slices and arrange in a baking dish putting in a layer of potatoes, then salt and pepper, a dash of flour and a few small bits of butter or cheese then repeat until the potatoes are all used. Fill the dish to an inch from the top, then cover with milk and bake in a hot oven. Keep covered the first 15 minutes. Bake until the potatoes are tender.

Russian Salad.—Mix one cupful each of cold cooked carrot cubes and potato cubes with a cupful each of cold cooked peas and beans; marinate with French dressing for two hours, arrange on lettuce leaves in four sections, keeping each vegetable by itself. Garnish two sections with smoked fish and one with hard-cooked egg white chopped, the other with the yolks put through a ricer. Chopped parsley may be used in lines dividing the sections.

Potato Salad.—Cook small-sized potatoes in their jackets until tender, peel and cut in cubes; while hot add a few tablespoonfuls of French dressing, with one small onion finely chopped or three small green onions, tops and all. Let stand for a half hour after adding salt and paprika. Just before serving add a cupful of diced celery to four cupfuls of potatoes and one small cucumber cut in cubes. Mix well, add boiled or mayonnaise dressing and serve. For a hot salad the potatoes may be taken while hot, placed in a dish, and onion, bacon fat and vinegar left from spiced pickles heated hot and poured over the potatoes makes a very tasty salad.

The ravages of influenza and pneumonia continue at DuBois, no less than eight deaths have been recorded from this disease during the past 48 hours, according to this morning's DuBois Courier.

Miss Genevive Mackin, aged about 19 years and one of Osceola's estimable young residents, who has been very seriously ill with influenza, succubed to the disease Saturday morning.

Within the borough limits of Osceola there are at least 200 cases of the influenza and the total for the town and vicinity is over 500.

The influenza situation at Osceola has not improved a bit. At least six deaths were reported during the past 12 hours according to report from our local correspondent thege. Among the recent deaths are Pat oach and Frank Bowser. The physicians and undertakers are so busy it is difficult to obtain information concerning the real situation.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

The Red Cross rooms of the Curwensville branch will be open Wednesday afternoon, October 23rd, at two o'clock, to decide how best to accomplish the work under these unusual health conditions. There is some unfinished sewing for the refugees, and a call has come for a number of "Property Bags" for our soldiers. These bags are to be made as heretofore, from any bright-colored washable material such as cretonne, etc.; size 12 inches wide by 18 inches long, with a hem and draw string one inch from top. We have made these useful bags before. They are used by wounded soldiers to keep their private belongings in, and are hung on the posts of their beds, where they are easy of access.

Donations of material or remnants for these bags will be gratefully received. We hope for a full attendance of our members Wednesday afternoon in the borough building.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edward's Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink condition. 10c and 25c per box at druggists.

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION AT THE ELECTION TO BE HELD ON TUESDAY NOVEMBER 5, 1918, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One.

A JOINT RESOLUTION

Proposing an amendment to article nine, section four of the Constitution of the Commonwealth of Pennsylvania; authorizing the State to issue bonds to the amount of fifty millions of dollars for the improvement of the highways of the Commonwealth.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met That the following amendment to the Constitution of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof:

That section four of article nine, which reads as follows:

"Section 4. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiency in revenue shall never exceed in the aggregate, at any one time, one million dollars," be amended so as to read as follows:

Section 4. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed in the aggregate, at any one time, one million dollars; Provided, however, That the General Assembly, irrespective of any debt, may authorize the State to issue bonds to the amount of fifty millions of dollars for the purpose of improving and rebuilding the highways of the Commonwealth.

Section 2. Said proposed amendment shall be submitted to the qualified electors of the State, at the general election to be held on the Tuesday next following the first Monday of November in the year nineteen hundred and eighteen, for the purpose of deciding upon the approval and ratification or the rejection of said amendment. Said election shall be opened, held, and closed upon said election day, at the places and within the hours at and within which said election is directed to be opened, held, and closed, and in accordance with the provisions of the laws of Pennsylvania governing elections, and amendments thereto. Such amendment shall be printed upon the ballots in the form and manner prescribed by the election laws of Pennsylvania, and shall in all respects conform to the requirement of such laws.

A JOINT RESOLUTION

Proposing an amendment to section eight, article nine of the Constitution of Pennsylvania.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amendment to Article Nine, Section Eight.

That section eight of article nine, of the Constitution be amended by striking out the said section and inserting in place thereof the following:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the borrowing capacity of the city of Philadelphia, at any time, there shall be deducted from such debt so much of the debt of said city as shall have been incurred, or is about to be incurred, and the proceeds thereof expended, or about to be expended upon any public improvement, or in the construction, purchase, or condemnation of any public utility, or part thereof, or facility therefor, if such public improvement or public utility, or part thereof, whether separately or in connection with any other public improvement or public utility, or part thereof, may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay the interest and sinking fund charges thereon. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity, the payment to such sinking fund to be in equal or graded annual or other periodical instalments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvements of public works or utilities of any character, from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city such obligation may be in an amount sufficient to provide for, and may include the amount of, the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten, article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.

A JOINT RESOLUTION

An amendment to section one of article nine of the Constitution of Pennsylvania, relating to taxation.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the following amendment to the Constitution of the Commonwealth of Pennsylvania be, and the same is hereby, proposed, in accordance with the provisions of the eighteenth article thereof:—

That section one of article nine, which reads as follows:

"All taxes shall be uniform, upon the same class of subjects, within the territorial limits of the authority levying the tax, and shall be levied and collected under general laws; but the General Assembly may, by general laws, exempt from taxation public property used for public purposes, actual places of religious worship, places of burial not used or held for private or corporate profit, and institutions of purely public charity," be amended so as to read as follows:

All taxes shall be uniform, upon the same class of subjects, within the territorial limits of the authority levying the tax, and shall be levied and collected under general laws, and the subjects of taxation may be classified for the purpose of levying graded or progressive taxes; but the General Assembly may, by general laws, exempt from taxation public property used for public purposes, actual places of religious worship, places of burial not used or held for private or corporate profit, and institutions of purely public charity.

Section 2. Said proposed amendment shall be submitted to the qualified electors of the State, at the general election to be held on Tuesday next following the first Monday of November in the year nineteen hundred and nineteen, for the purpose of deciding upon the approval and ratification or the rejection of said amendment. Said election shall be opened, held and closed upon said election day, at the places and within the hours at and within which said election is directed to be opened, held and closed, and in accordance with the provisions of the laws of Pennsylvania governing elections, and amendments thereto. Such amendment shall be printed upon the ballots in the form and manner prescribed by the election laws of Pennsylvania, and shall in all respects conform to the requirement of such laws.

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One.

A JOINT RESOLUTION

Proposing an amendment to section eleven of article sixteen of the Constitution of Pennsylvania.

Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of the Commonwealth of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof.—

Amend section eleven, article sixteen of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"No corporate body to possess banking and discounting privileges shall be created or organized in pursuance of any law without three months' previous public notice, at the place of the intended location, of the intention to apply for such privileges, in such manner as shall be prescribed by law, nor shall a charter for such privilege be granted for a longer period than twenty years," so that it shall read as follows:

The General Assembly shall have the power by general law to provide for the incorporation of banks and trust companies, and to prescribe the powers thereof.

Number Two.

A JOINT RESOLUTION

Proposing an amendment to section sixteen of article three of the Constitution of the Commonwealth of Pennsylvania in accordance with the provisions of the eighteenth article thereof.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

That section sixteen of article three, which reads as follows:

"Section 16. No money shall be paid out of the treasury, except upon appropriations made by law, and on warrant drawn by the proper officers in pursuance thereof," be, and the same is hereby, amended so that the same shall read as follows:

Section 16. No money shall be paid out of the State Treasury, except in accordance with the provisions of an act of Assembly specifying the amount and purpose of the expenditure, and limiting the time in which said appropriation shall be expended. All public money shall be paid by the State Treasurer on warrant drawn by the Auditor General.

Clearfield Borough

MRS. ODEN DENNING DIES

Mrs. Oden Denning of Surveyor, a former resident of Clearfield died at the Clearfield hospital last evening of articular rheumatism after an illness of several weeks duration.

The deceased was the daughter of Mrs. Edith Hipps, of Clearfield and was a lifelong resident of this section. She was a conscientious christian woman, a good wife and loving mother. She possessed a large circle of warm friends hereabouts.

She is survived by her husband and three small daughters.

How To Avoid Influenza

Take one-half (½) teaspoon of Bicarbonate of Soda (squibbs) in a glass of cool water on arising in the morning.

Wash nose out night and morning with mild salt cool water—not over ½ teaspoon in a glass of water.

Take on retiring one capsule of the following prescription:

Acetphenetidine	2.0
Aspirin	5.0
Salol	5.0
Caffein citrate	0.5

M Ft. in Capsules No. XXIV Prescription by Dr. S. J. Nilson 32 W. 94th St., New York city

This is also a good grippe and cold remedy taken in doses of one capsule two or three times a day.

SYMPTOMS — Chills, headache, temperature, lassitude, ching of the joints and nerves.

At first sign of fever, sneezing or cold, go to bed and keep warm. The chief danger is that neglect of simple precaution may lead to pneumonia or lung trouble. Overexertion should be strictly avoided in order that there may be no depressing after-effects.

SPANISH INFLUENZA-A NEW NAME FOR AN OLD FAMILIAR DISEASE

Simply the Same Old Grip That Swept Over the World Time and Again. The Last Epidemic in the U.S. Was in 1889-90

ORIGIN OF THE DISEASE

Spanish influenza, which appeared n Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

THE SYMPTOMS

Grippe, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually last from three to five days. The germ attack the mucuous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night often times a sore throat or tonsilitis and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms not only for your own sake but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, aspirin or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course, Nature herself will throw off the attack if only you keep up your strength! The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grippe germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thickness of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

NO OCCASION FOR PANIC

There is no occasion for panic—influenza itself has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this a germ disease spread principally by human contact, chiefly through sneezing, or spitting. So avoid persons having colds—avoid crowds—avoid drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLD

Above all, keep free from colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better, still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus Thyme, Cubebs etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold-troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds as it is externally applied and can, therefore, be used freely and often without the slightest harmful effects.

ELECTRICIANS OR TELEPHONE MEN WANTED

A course for young men with experience as electricians has been opened at State College under the direction of the U. S. army signal corps and as the quota is far from being filled opportunity will be given any person from this section desiring to enlist.

If you have had any actual experience in the electrical line, be that experience much or little, get in touch with Chief Clerk Bain at Selective Service headqurters today and thus take advantage of the opportunity to get preliminary college training and induction into the U. S. army signal corps.

Many men are needed but the call closes today. Get busy.

CHAMBER OF COMMERCE GO AFTER STEAM RATES

That the steam rates charged by the Penn Public Service company of Philipsburg are high, there is little doubt. The general opinion of consumers regarding the meters which were installed during the past year is that they are built for speed.

The Philipsburg Chamber of Commerce is taking steps to investigate the conditions that exist, and, if surface indications are verified the matter will be taken before the Public Service commission, of Pennsylvania and an appeal from the excessive rates will be made.

SANDY TOWNSHIP BOY MISSING IN ACTION

Mr. and Mrs. William Shaffer, of Sandy township have received word from the war department that their son William H. Shaffer, a member of the 112th infantry, formerly Company H of the 10th Regiment was officially reported missing in action on August 27th.

Mr. and Mrs. A. G. Bartholomew, of South Fourth street, were called to Sharpsville, Pa., today on account of the death of Leroy Boyd, brother of Mrs. Bartholomew.

Mr. Boyd was a draughtsman in a training camp at Cambridge Springs, Pa., and died as the result of an attack of influenza.

GERMANS ARE DRIVEN BEYOND THE LYS RIVER

GEN. HAIG SAYS THAT ENEMY ATTEMPT TO MAKE STAND ON LYS RIVER HAS NOW BEEN OVERWHELMED

ALLIES ARE CLOSING IN ON GHENT

By United Press

London, 2:15 a. m.—The Germans have been driven back of the Lys river and the Allies are driving close to Ghent, Haig reported today in a special statement on the Flanders offensive. His report made it evident that the attempt of the Germans to maintain a stand on the line of the Lys river has been over-whelmed and that the Allies are within the next defensive line of Escaut river. Haig declared that the enemy has been forced to withdraw from its whole front in Belgium. The Allies have reached Aeltre, 11 miles west of Ghent, the greatest road center in western Belgium and have occupied several villages on the line running northward to the Dutch frontier. The French have established lines on the east side of the Lys between Grammene and Peteghen, 1 miles southwest of Ghent.

London, Oct. 21—More than 3,000 prisoners were taken by the British north of Le Cateau yesterdaq, Field Marshal Haig reported today. British troops are approaching St. Amand, 8 miles northwest of Valenciennes, Haig also reported. Contact with the enemy is being maintained. The British also are nearing the Scheldt line. The drive against Valenciennes from the southwest by the English, Scots and Welch troops fighting in a rain storm scattered desperate resistance by the Germans. Tanks went forward with the infantry which crossed the fl ooded Selle river. Working under heavy fire the British threw bridges across the Selle and the artillery crossed the river close behnd the infantry.

FRENCH RAIDS ARE SUCCESSFUL

Paris, Oct. 21—Raiding operations in Lorraine and Alsace resulted in the capture of prisoners, the French war office anonunced today. (This may indicate that the Allies are planing an attack on the southern portion of the western front and the seeking information of the German troops in that region.)

SERBS MAKING PROGRESS

London, Oct. 21—Continued progress in the reconquest of the last Balkan territory was reported by the Serbian war office in its comunique received hede today. Towns 50 miles north of Nish have been taken.

KING ALBERT COMING INTO HIS OWN

London, Oct. 21—King Albert, of the Belgians, has arrived in Bruges, acording to dispatches from Sluis, Holland today. American and British colonial troops with heavy artillery have been observed in that neighboorhood it was stated.

MORE MONEY LOANED TO ALLIES

Washington, Oct. 21—This government granted a new credit ot $200,000,000 to Italy and $100,000,000 to France. The new credits brings the total loan to France to $2,165,000,000 and to Italy $1,060,000,000 and a total to the Allies of $7,520,470,000.

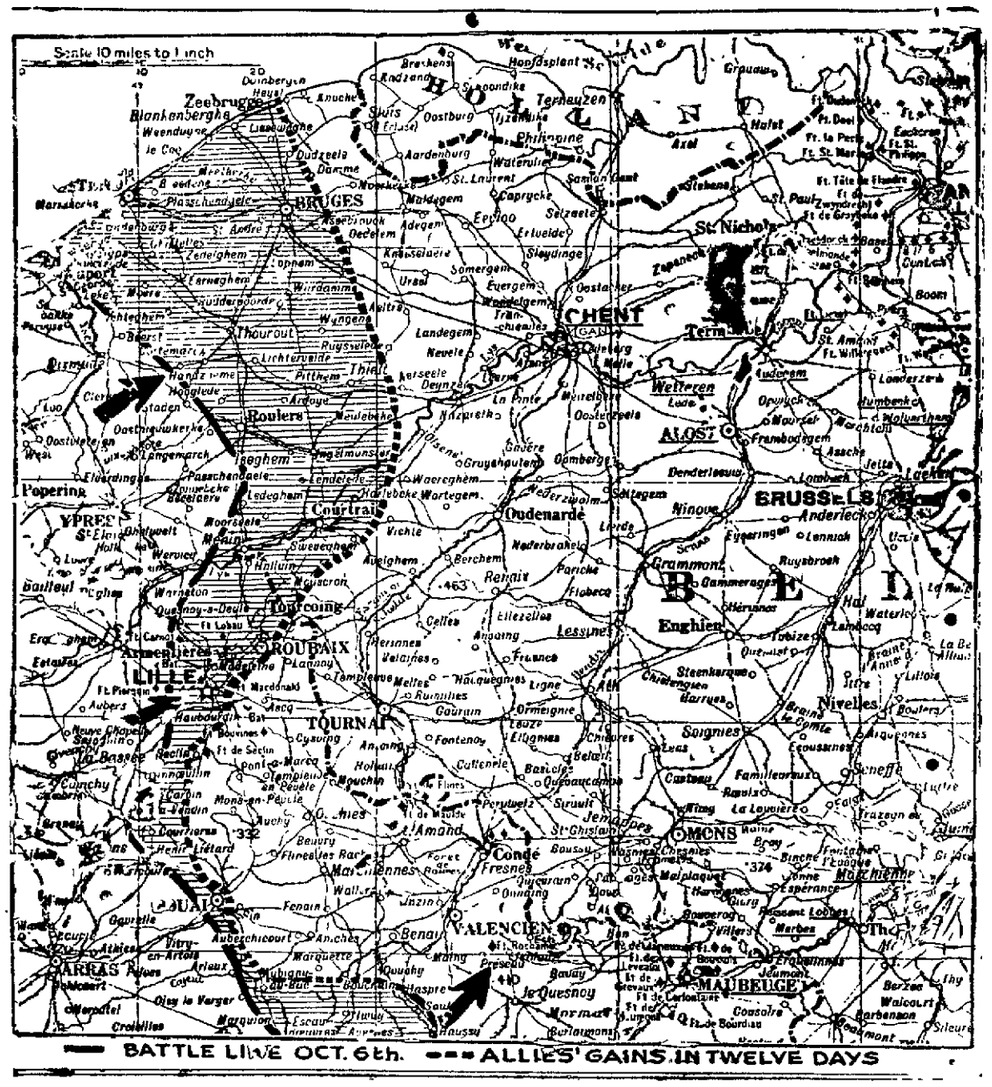
How Capture of Zeebrugge Clears the Belgian Coast



CLEARFIELD COUNTY DISTRICT IS TEN PER CENT. OVER FOURTH LOAN QUOTA

Washington, Oct. 21—Approximately 22 million or 20 per cent. of the nation's population subscribed to the Fourth Liberty Loan, official reports today indicated. This is about a 3 per cent. increase in the individual sales of the Third Loan when 18,300,000 persons bought bonds. The Fourth Liberty Loan has exceeded both in percent and individual sales the greatest loan floated by Great Britain. The British victory loan of 1917 of nine million subscribers amounted to five billion dollars. Although the draft called hundreds of thousands of potential subscribers into military service each loan has shown an increase in the number of individual subscriptions. Individual sales in the First Liberty Loan were 4,500,000 in the second 9,600,000 and in the third 18,300,000.

The Fourth Liberty Loan like its three predecessors, was a big winner in the district composed of Clearfield county and Philipsburg and while no figures are obtainable at this time County Chairman Callahan and his assistants are satisfied from what they have already secured that the district went over the top with more than ten per cent. in excess of the quota and the largest total of individual subscriptions ever recorded.

Some idea of what the above statement means can be had when it is known that the allotted quota for the district was $5,138,20. Just think of this vast sum of money and think too, how easily and gracefully our people generally responded to the call and not only went down in their jeans for the long green carefully stored away there, but, in a great many instances, mortgaged their incomes for several months to come in order to help our Uncle Sammy provide our boys "over there" with the necessary ammunition and other supplies needed to bring the hun to his knees and make this old earth the sort of a place to live in the Great Creator had in mind when He first placed the human family here and told them to go to it.

The result of the Fourth Liberty Loan was a foregone conclusion and in no section of this broad land, and in no section from Maine to California was the result more certain than right here in patriotic, loyal old Clearfield county.

The different committees worked hard and are deserving of every praise and in turn are mighty proud of the record made by the whole people of their district. The figures will be given as soon as the different subdistricts can compile and transmit them to headquarters.

The Workman's store is another Clearfield business place in the 100 per cent. class in the Fourth Liberty Loan, every person connected with the establishment having subscribed for a bond.

Here is an item that should have been in The Progress several days ago but it, along with a lot of other good news had to wait its turn. Of course nobody thought for a minute that Boardman would be behind in its Liberty Loan quota. In fact everybody, knowing what that little town has in the way of a patriotic reputation, expected and took as a matter of course that they would go over the top and so they did and big, too. The hustling workers were headed by Dr. Norris, Squire Snyder, Miss Snyder, Leon Katzman, A. Noll, John Boag, Mrs. Boag and Mrs. McBlain.

The employes of the Clearfield Textile Company, working under the very shadow of the Tri color and with a respecting memory of their old superintendent who laid down his life for the cause of France and her Allies, are another body of people who do not have to be begged and coaxed into supporting war activities. The soliciting commitee which visited there last week went away with subscriptions amounting to $3100 from the office force and mill hands.

NEW PEACE NOTE A RANK PRESUMPTION IF REPORTS ARE TRUE

By Robert Bender

Washington, Oct. 21—The German reply to President Wilson's last peace note will be here soon, the State department received information today through reliable official sources. The Swiss legation has not communicated any information to the department as to its receipt but the department received the news through other reliable channels.

French unofficial advices also reported that the German note was on its way to Wilson. Up to noon officials of the Swiss legation said that the note had not been received.

London 3:02 p. m.—Accoding to a wireless message from Berlin today the German reply to President Wilson says that in accepting the proposal for evacuation the German government assumed that an armistice would be agreed upon by both sides. The reply protests against the reproach for illegalities and inhumanities and denies the sinking of life boats with passengers.

"FLU" EPIDEMIC GROWS MORE SERIOUS

Disease Spreads To All Parts Of City And Attacks Head Of New Emergency Hospital

DOUBLE YOUR PRECAUTIONS

The influenza sitution in Clearfield has reached the dangerous stage without question and nothing but the most careful observance of all the requirements of the health authorities will avoid a serious epidemic.

The disease was first discovered in Clearfield two weeks ago last Saturday and since that time has slowly penetrated to all parts of the town, very many of the cases developing among people whose business or occupations called them out of town and into other infested communities. Accordingly during every day of the intervening two weeks there were cases of the disease developed locally from almost very section of the town.

On Sunday evening there were thirty one houses under quarantine in the town while eleven patients were being treated at the emergency hospital. Eight persons had already been discharged from that institution cured, and after the disease had run its course.

The disease developed rapidly yesterday some fifteen cases being reported by the physcians while it is believed there are many more than that number where no doctor has been called and home remedies are being applied. It is from these latter cases the chief danger arises because the disease is so virulent that where a case develops in a household it invariably attacks every member thereof. This is demonstrated locally by the fact that in many instances there are as high as five and six cases in one home at the same time.

The litle suburban village of Plymptonville adjoining the Third ward is a veritable hot bed of the disease, the health authorities estimating there are from sixty to seventy-five cases in the village or community. Dr. Gordon, the county medical inspector, has this condition well in hand but will call on the Lawrence township school board, which is ex-officio the board of health for the township, for assistance in looking after the epidemic sufferers.

Many New York Central ralroad men are developing the disease and this is attributed to their traveling in and out of the different towns along the line where the disease is raging. One local physican informed us last evening that an N. Y. C. tie-up here would not surprise him much from his personal knowledge of the situation.

Mrs. R. K. Clees, who has been in charge of the emergency hospital, was ordered to bed by her physician yesterday and it is feared she has contracted the disease. Mrs. Clees has worked very hard and had everything in fine shape at the hospital and her illness at this time is in the nature of a calamity.

At the present time the nursing force at the hospital is composed of three graduate and two student nurses and it s hoped to secure at least one more graduate nurse and two more students and it will then be possible to work them in eight hour shifts.

The hospital is ample for the accommodation of from sixty to eighty patients and it was found necessary to install fourteen new beds yesterday in anticipation of their early need. The commodious porches will be fitted up for the use of recuperating porches while the large hospital tent and other tenth recruited by the committee on Public Safety are available if needed.

The influenza it is said will run its course in six weeks and as we are now entering the third week the health authorities feel the epidemic will reach its peak this week. If this be the case then precaution against the disease should also reach its peak this week. It is up to you, Mr. and Mrs. Citizen, right now. Look out for yourself and your little ones. Stay at home, keep out of crowds and make the children do likewise. This week will decide whether we are to escape a real courging or not, and if everybody obeys orders, respects the

DUBOIS WON OUT THIS TIME

We must introduce our friends to Mr. Hibner, chairman of the DuBois City Liberty Loan Committee. It will be remembered that DuBois had quite a strenuous time putting across the past loans and other war activities. This time Mr. Hibner wisely decided that there should be no half way measures with the slacking citizens of DuBois and proceeded to hold them up to the white light of publicity. Result: DuBois came across with colors flying and in addition to that, taught a number of her people that this was their war and their country to protect and uphold. The fearless course of Mr. Hibner is to be commended.

THE MAN WHO CUM TO TOWN

Who is he? We don't know but we heartily enjoyed his latest effort and we are sure all of our readers did. Cum again.

THE "FLU" AND THE CHIMNEY SWEEPS

Judging from the performances of our street department the mention of "flue" has resulted in a more vigorous appliance of the broom to the streets as a chimney sweep would apply it to a flue instead of in a sanitary manner as the present situation demands.

Let us have an intelligent co-operation of the street and health department of our borough. This is no time to be sweeping streets. Flush them with water or let them alone. Saturday we walked through two dust clouds caused by street sweepers and ever since that time we have lost no opportunity to use the pop gun and the iodine spray for we feel certain that we inhaled several thousand flu germs at that time.

It is reasonable to think that these dust clouds are dangerous. If we are right, we call on the Board of Health to remedy this condition.

HONOR THE FLAG

(By Request of the D. A. R.)

In these days, when Patriotism runs high, when the glorious stars and stripes are seen flying from almost every building and hill-side, and the windows of our homes display the colors that are honored everywhere, it seems fitting that the rules governing the use of our flag should be more generally known and observed.

It is with deep regret that we sometimes see flags permitted to wave in the breezes after they have become soiled and dilapidated, and the "stars and stripes" have become just dirty "strains and stripes".

Flags in this condition should be taken down and reverently burned. To throw a flag upon an ash pile or with debris is a still greater desecration.

You who read this—look at your flag, and see that it is worthy to float as a symbol of the principles it represents.

MRS. R. D. SWOOPE.

REGAL MINERS PATRIOTIC

The regal coal mines at Ramey, appreciating the situation and being willing to help out under the circumstances, worked all day Sunday and turned out seventy nine tons of coal to help out the miners where influenza has knocked out the working force.

Our old friend Billy Williams was in charge and he says his men are 100 per cent. patriotic on any straight American proposition.

SHOOTING ACCIDENT NEAR GRAMPIAN

A fatal shooting accident occurred near Hepburnia Sunday afternoon. It appears that two boys named Johnson, aged 13 and 11 years, were playing with a loaded gun. While the gun was in the hands of the elder lad it was accidentaly discharged, the bullet piercing the head of his younger brother, killing him instantly.

The boys were sons of Mr. and Mrs. Lewis Johnson.

COMPANY GOOD THINGS.

These days we do not make frosted cakes except for state occasions and even plain cakes should be used sparingly to save our sugar.

Lightning Cake.—Beat half a cupful of butter substitute to a cream, add half a cupful of sugar, the yolks of four eggs beaten light, three tablespoonfuls of milk and one cupful of corn flour sifted with a teaspoonful of baking powder. Spread the mixture in a shallow pan, beat the whites of the eggs, add gradually three-fourths of a cupful of sugar, then fold in a half cupful of blanched and shredded almonds. Spread this meringue over the cake mixture, dredge the top with sugar and cinnamon and bake thirty minutes. Cut in strips for serving.

Small sponge cakes baked in gem pans and when cold cut open and filled with sweetened and flavored whipped cream make a most delicious cake for nice occasions.

Dog Biscuit.—Roll thin a baking powder biscuit dough, using barley flour instead of wheat, cut out the biscuit and place a slice of bologna sausage on one then cover with another pressing the edges together. Bake as usual. This is a most appetizing dish enjoyed by people who do not ordinarily care for bologna. The name is the only drawback to this biscuit.

Pineapple and Cream Cheese Salad.—Wash and dry the leaves of head lettuce; cut canned sliced pineapple into straws, keeping the straws as long as the slices will allow. Roll cream cheese into balls or egg shapes. Dispose the pineapple straws in the heart leaves of the lettuce and set three eggs in each nest, flock each egg with paprika. Serve plain French dressing in a bowl. Allow two tablespoonfuls of oil, and one of lemon juice with a few grains of salt and pepper for each nest.

Banana Parfait.—Peel and scrape two or three bananas, then press the pulp through a ricer or sieve, scald the pulp with two-thirds of a cupful of sugar and the juice of half a lemon boiled together, chill, then fold in one cupful of cream whipped and one-third of a cupful of candied cherries, cut fine and soaked in orange juice over night.

Friendship—that select and sacred relation which is kind of absolute and which leaves the language of love suspicious and common, so much is this purer, and nothing is so much divine. —Emerson.

MORE POTATO DISHES.

A simple dish and one easy to prepare making a variety in serving potatoes is:

Spanish Potatoes.—Cook potatoes as usual after peeling, in boiling salted water. Drain well, then turn into a hot vegetable dish which contains a generous portion of butter, three tablespoonfuls of finely scraped or chopped onion, and salt and pepper (cayenne) to taste. Turn in the potatoes and chop coarsely with a silver knife, mixing them well with the seasoning. Then serve with cold meat.

Scalloped Potatoes.—Cut raw potatoes into eighth-inch slices and arrange in a baking dish putting in a layer of potatoes, then salt and pepper, a dash of flour and a few small bits of butter or cheese then repeat until the potatoes are all used. Fill the dish to an inch from the top, then cover with milk and bake in a hot oven. Keep covered the first 15 minutes. Bake until the potatoes are tender.

Russian Salad.—Mix one cupful each of cold cooked carrot cubes and potato cubes with a cupful each of cold cooked peas and beans; marinate with French dressing for two hours, arrange on lettuce leaves in four sections, keeping each vegetable by itself. Garnish two sections with smoked fish and one with hard-cooked egg white chopped, the other with the yolks put through a ricer. Chopped parsley may be used in lines dividing the sections.

Potato Salad.—Cook small-sized potatoes in their jackets until tender, peel and cut in cubes; while hot add a few tablespoonfuls of French dressing, with one small onion finely chopped or three small green onions, tops and all. Let stand for a half hour after adding salt and paprika. Just before serving add a cupful of diced celery to four cupfuls of potatoes and one small cucumber cut in cubes. Mix well, add boiled or mayonnaise dressing and serve. For a hot salad the potatoes may be taken while hot, placed in a dish, and onion, bacon fat and vinegar left from spiced pickles heated hot and poured over the potatoes makes a very tasty salad.

quarantine regulations and complies with the orders of the Board of Health we need not feel alarm, otherwise we are in for a siege such as is now visiting many of the other towns in this section and throughout the cuyton renega veSI-1cgiiiiflk Heg the county generally.

We have had no deaths as a result of the epidemic thus far and a strict compliance with the common sense rules of the board of health may get us through to the end without the loss of a single citizen.

The ravages of influenza and pneumonia continue at DuBois, no less than eight deaths have been recorded from this disease during the past 48 hours, according to this morning's DuBois Courier.

Miss Genevive Mackin, aged about 19 years and one of Osceola's estimable young residents, who has been very seriously ill with influenza, succubed to the disease Saturday morning.

Within the borough limits of Osceola there are at least 200 cases of the influenza and the total for the town and vicinity is over 500.

The influenza situation at Osceola has not improved a bit. At least six deaths were reported during the past 12 hours according to report from our local correspondent thege. Among the recent deaths are Pat oach and Frank Bowser. The physicians and undertakers are so busy it is difficult to obtain information concerning the real situation.

AUTO ACCIDENT SATURDAY NIGHT

A Mrs. Rabold, of Hyde City, was struck and knocked down by an automobile driven by a Mr. Shifter of Clearfield Saturday night last. The accident occurred on South Second street near the residence of H. B. Hartswick, Esq. Mr. and Mrs. Rabold were walking on the street when the woman was struck.

The driver of the car took the injured woman to the Clearfield hospital where it was found her injuries were not at all serious, and she will soon be alright again.

YARN SHORTAGE BANS GIFTS TO DRAFTEES

Washington, Oct. 18—No more knitted articles made from materials provided by the Red Cross will be distributed directly to drafted men. This order was issued today. It is due to the limited supply of yarn. The Red Cross also announced last night that it will no longer distribute comfort kits to men in training camps. The Red Cross however, will ship comfort kits overseas and distribute them through its foreign commissions.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Make Your Soldier Happy Send Him The Progress

We have had so many requests for the special three-month offer that closed on October 1st for The Progress Over-seas Service that we have concluded to re-open the offer for a short time.

The Special Care Gets The Progress There

Wrapped as they are in an extra tough special wrapper and plainly addressed your soldier will be the happy recipient of a bundle of home papers just as regularly as the confusion attendant with the movement of troops will permit.

Let Him Know What We Are Doing

Just think of his joy, coming out of the trenches into rest camp, to find a bundle or two of The Progress, giving all the home news and heartening him with the news of what we are doing in the old town to back him up—that we are going over the top with the Fourth Loan in spite of the epidemic handicap.

The Special Offer

We will send The Progress to your soldier—or sailor—taking all the precaution possible to get the papers through to him—

NEWS OF OUR NEIGHBORS

CURWENSVILLE

The Red Cross rooms of the Curwensville branch will be open Wednesday afternoon, October 23rd, at two o'clock, to decide how best to accomplish the work under these unusual health conditions. There is some unfinished sewing for the refugees, and a call has come for a number of "Property Bags" for our soldiers. These bags are to be made as heretofore, from any bright-colored washable material such as cretonne, etc.; size 12 inches wide by 18 inches long, with a hem and draw string one inch from top. We have made these useful bags before. They are used by wounded soldiers to keep their private belongings in, and are hung on the posts of their beds, where they are easy of access.

Donations of material or remnants for these bags will be gratefully received. We hope for a full attendance of our members Wednesday afternoon in the borough building.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edward's Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink condition. 10c and 25c per box at druggists.

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION AT THE ELECTION TO BE HELD ON TUESDAY NOVEMBER 5, 1918, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One.

A JOINT RESOLUTION

Proposing an amendment to article nine, section four of the Constitution of the Commonwealth of Pennsylvania; authorizing the State to issue bonds to the amount of fifty millions of dollars for the improvement of the highways of the Commonwealth.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met That the following amendment to the Constitution of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof:

That section four of article nine, which reads as follows:

"Section 4. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiency in revenue shall never exceed in the aggregate, at any one time, one million dollars," be amended so as to read as follows:

Section 4. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed in the aggregate, at any one time, one million dollars; Provided, however, That the General Assembly, irrespective of any debt, may authorize the State to issue bonds to the amount of fifty millions of dollars for the purpose of improving and rebuilding the highways of the Commonwealth.

Section 2. Said proposed amendment shall be submitted to the qualified electors of the State, at the general election to be held on the Tuesday next following the first Monday of November in the year nineteen hundred and eighteen, for the purpose of deciding upon the approval and ratification or the rejection of said amendment. Said election shall be opened, held and closed upon said election day, at the places and within the hours at and within which said election is directed to be opened, held, and closed, and in accordance with the provisions of the laws of Pennsylvania governing elections, and amendments thereto. Such amendment shall be printed upon the ballots in the form and manner prescribed by the election laws of Pennsylvania, and shall in all respects conform to the requirement of such laws.

A JOINT RESOLUTION

Proposing an amendment to section eight, article nine of the Constitution of Pennsylvania.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amendment to Article Nine, Section Eight.

That section eight of article nine, of the Constitution be amended by striking out the said section and inserting in place thereof the following:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the borrowing capacity of the city of Philadelphia, at any time, there shall be deducted from such debt so much of the debt of said city as shall have been incurred, or is about to be incurred, and the proceeds thereof expended, or about to be expended upon any public improvement, or in the construction, purchase, or condemnation of any public utility, or part thereof, or facility therefor, if such public improvement or public utility, or part thereof, whether separately or in connection with any other public improvement or public utility, or part thereof, may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay the interest and sinking fund charges thereon. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity, the payment to such sinking fund to be in equal or graded annual or other periodical instalments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvements of public works or utilities of any character, from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city such obligation may be in an amount sufficient to provide for, and may include the amount of, the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten, article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.

MRS. ODEN DENNING DIES

Mrs. Oden Denning of Surveyor, a former resident of Clearfield died at the Clearfield hospital last evening of articular rheumatism after an illness of several weeks duration.

The deceased was the daughter of Mrs. Edith Hipps, of Clearfield and was a lifelong resident of this section. She was a conscientious christian woman, a good wife and loving mother. She possessed a large circle of warm friends hereabouts.

She is survived by her husband and three small daughters.

How To Avoid Influenza

Take one-half (½) teaspoon of Bicarbonate of Soda (squibbs) in a glass of cool water on arising in the morning.

Wash nose out night and morning with mild salt cool water—not over ½ teaspoon in a glass of water.

Take on retiring one capsule of the following prescription:

Acetphenetidine	2.0
Aspirin	5.0
Salol	5.0
Caffein citrate	0.5

M Ft. in Capsules No. XXIV Prescription by Dr. S. J. Nilson 32 W. 94th St., New York city

This is also a good grippe and cold remedy taken in doses of one capsule two or three times a day.

SYMPTOMS — Chills, headache, temperature, lassitude, ching of the joints and nerves.

At first sign of fever, sneezing or cold, go to bed and keep warm. The chief danger is that neglect of simple precaution may lead to pneumonia or lung trouble. Overexertion should be strictly avoided in order that there may be no depressing after-effects.

SPANISH INFLUENZA-A NEW NAME FOR AN OLD FAMILIAR DISEASE

Simply the Same Old Grip That Swept Over the World Time and Again. The Last Epidemic in the U.S. Was in 1889-90

ORIGIN OF THE DISEASE

Spanish influenza, which appeared n Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

THE SYMPTOMS

Grippe, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually last from three to five days. The germ attack the mucuous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night often times a sore throat or tonsilitis and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms not only for your own sake but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, aspirin or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course, Nature herself will throw off the attack if only you keep up your strength! The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grippe germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thickness of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

NO OCCASION FOR PANIC

There is no occasion for panic—influenza itself has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this a germ disease spread principally by human contact, chiefly through sneezing, or spitting. So avoid persons having colds—avoid crowds—avoid drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLD

Above all, keep free from colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better, still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus Thyme, Cubebs etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold-troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds as it is externally applied and can, therefore, be used freely and often without the slightest harmful effects.
